

## Fight Cancer Locally!

\_\_\_\_\_ is participating in  
this year's BUDDY'S Race Against Cancer!

### How You Can Help

Visit [www.buddysrace.org](http://www.buddysrace.org) and click on "Donate", select the "Make a Donation Now" link, and input the team member's name.

Money from the BUDDY'S Race Against Cancer allows Thompson Cancer Survival Center to provide cancer services to communities with big needs and little opportunities. For nearly two decades, TCSC has delivered much-needed cancer screenings and education to thousands of medically-underserved individuals in 18 counties across East Tennessee through its Cancer Outreach Services program.

Mobile mammography, as well as prostate and cervical cancer screenings and education are provided to the individuals in communities throughout the area who have never received - or could afford - these potentially life-saving services.
